

# ADVANCE TOPICS IN PERSONAL INJURY CALCULATIONS

Wednesday October 30, 2013  
12:00 PM – 1:00 PM

## Presentation Overview

This webinar will focus on the more technical issues around personal injury calculations with an emphasis on common mistakes and pitfalls. The following topics will be addressed:

- Overview of personal injury regime (income replacement benefits and tort)
- Information and documents typically requested
- Basic statistics
- Determining pre-accident capacity, including special cases and earnings data
- Life expectancy issues
- Discount rate issues

## Presenters

### **Arlene Posel, CPA, CA, CBV, MBA - Partner, Collins Barrow Toronto LLP**

A Chartered Accountant and Chartered Business Valuator, Arlene is a partner at Collins Barrow Toronto LLP, providing a broad range of business valuation and damages quantification services. These include personal injury, long-term disability, wrongful death and commercial economic loss claims. With an award for first place in the CA program at McGill University, she has taught courses for the Institute of Chartered Accountants of Ontario and lectured at York University, the University of Toronto and McGill University. Arlene has also lectured to the Ontario Trial Lawyers Association on disputed long-term disability claims and has been qualified as an expert witness in the Ontario Superior Court and the FSCO arbitration hearings.

### **Paul Mandel, CPA, CA, CBV, MBA – Partner, Collins Barrow Toronto LLP**

Paul Mandel has over 15 years full time business valuation and litigation support experience. He received his CA at a national accounting firm in 1997 and his CBV designation with an international accounting firm in 1998. By 2003, he joined a regional accounting firm to found their business valuation and litigation support practice. The practice had grown to 3 full time CBV's under his auspices before he joined Collins Barrow Toronto in the fall of 2010. In addition to having expert testimony experience and having lectured numerous times on valuation, some of his recent experiences include fair value assignments for an international public company in the online gaming industry and a Canadian public company in the online media and advertising sector. He has prepared hundreds of personal injury litigation economic damages reports, including the quantification of economic damages and expert testimony for the victim of a firearms accident.
