On April 14, a networking dinner and panel discussion will take place regarding the new Rules regarding Expert Witnesses in Ontario that came into effect January 1, 2010. This event is being held to educate members of the Canadian Institute of Chartered Business Valuators (CICBV) and the IFA Alliance (CA•IFA). This networking dinner will also be of interest to lawyers and others in the legal profession and business community.

- 1. What are the key changes?*
- 2. How do the changes fit with the CICBV standards and the IFA standard practices?*
- 3. Do the changes really change how the expert should act?*
- 4. What practical changes should we consider in our practices?*
- 5. Discussion of recent cases that appear to have highlighted the court's "critique" of experts who have assumed the role of advocate rather than objective expert.*
- 6. Discussion and practical recommendations from legal counsel about the changes to the rules and what impact they believe the changes will have on experts.*
- 7. Legal counsel to share what attributes they expect to see from an expert witness.*
