BREAKING NEWS

CBV INSTITUTE LAUNCHES NEW APP!

The CBV Institute has developed an app that will change the way you interact with the Institute! The app is designed to simplify the way Members and Students engage with the Institute. Beginning with the 2019 National Congress, users will be able to register for events, update their contact information, access congress information upon registration, receive reminders before sessions start, view speaker’s bios, and even view the attendees list. The app is a great source of information for the Congress.

Above, left to right: App home screen, Congress page, and a list of Congress speakers.

After the Congress, the app becomes an important part of Members and Students interactions with the Institute. It will allow users to pay their fees, make their CPD and Practice Inspection Declarations, and receive important news and information related to their profession, all at the tip of their fingers.

The app, titled CBV Institute, is available in the [App Store](#) and [Google Play](#).

Professional business valuers seeking to enhance their technical knowledge and deliver high quality services to their clients can now build their skills in these key areas:

1. Valuing Early Stage Companies – iiBV 211;

4. International Cost of Capital – iiBV 213;
5. Valuing Intangible Assets – iiBV 212; and

DID YOU KNOW?

A note to Members who are also CPAs – is your use of credentials up-to-date? As of January 1, 2019, the IFA designation is no longer in use in Ontario. The use of the CPA designation is regulated by the provincial CPA governing bodies which have rules concerning the use and ordering of designations, including legacy designations. Members should refer to their provincial CPA governing body if they have any questions. CPA Ontario has issued a helpful guideline which you can find [here](#).
